

CMI NIXON AND COMPANY

property claims service

For over 20 years, insurance carriers, third party administrators and self-insureds have looked to the experience, dedication and reliability of CMI Nixon and Company's Property Claims Unit for all their property claims needs.

Our property claims adjusters have an average of 19 years experience handling all lines of business associated with property claims exposures.

We combine this experience with our ability to easily tailor our claims handling guidelines to meet your existing requirements, offering a seamless level of service between your company and policyholders.

Exceptional customer service to your policyholder begins with each adjuster understanding the unique needs of your company. We know that our level of service directly reflects on your company and we take that charge very seriously.

Using the latest state of the art technology for estimating, documenting and transferring information allows for faster resolution and better control of the overall claim. All our adjusters are experienced in writing detailed and comprehensive line-by-line estimates, using the latest software.

We keep up to date on current trends and issues in the field of property claims by continuing education, in-house training and memberships to a wide variety of claims organizations.

Whether your exposure is a residential, commercial or industrial risk, our property claims adjusters are ready to assist you 24 hours a day, 7 days a week, anywhere across the US.

To see how CMI Nixon and Company can offer solutions to your most challenging needs, contact Jim Abbott (314) 965-2664 or jima@nixonandco.com.
