

CMI NIXON AND COMPANY

transportation claims unit

24 Hours a Day, 7 Days a week, you can count on the staff of CMI Nixon and Company to respond to your call for assistance in handling motor carrier liability claims.

The exposures you and your policyholders face are unique and not always fully understood by adjusting companies handling general liability claims. For over 20 years, we have been responding to the needs of motor carriers with our on call staff.

We are the first response adjusters for some of the nation's leading local and long haul trucking companies and insurers of this special risk.

Our adjusters have an average of 20-plus years experience investigating very complex and multi faceted claims involving motor carriers and the transportation industry.

Whether the accident involves a minor impact, significant injury, property damage or worse, we are prepared to handle the situation.

Our staff is up to date on current trends and issues which might affect the outcome of the claim. We participate in continuing education and case law updates so we can provide you with a comprehensive and detailed report on the facts and circumstances behind the incident and claim.

To see how CMI Nixon and Company can offer solutions to your most challenging needs, contact Jim Abbott (314) 965-2664 or jima@nixonandco.com.
